SEATS AT MATSON'S

Lame Back.
This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke La Grange of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications affected a cure." For sale by All Druggists.

RURALS CHIEF
JAILED AT
JUAREZ

Sent There to Look For Graft-
ers and Is Himself
Caught.

El Paso, Texas, Sept. 23.—Francisco Molinar, chief of the body of rurales stationed in Juarez several months ago by orders of Mexico City to look after the smuggling matters and the so-called revolutionary movements, was placed under arrest yesterday afternoon by Chief of Police Ponce de Leon at the instance of the federal court. He is now in the jail incommunicado.

It is said that the chief of the rurales was arrested on the charge of grafting in governmental supplies, the evidence of the wrongdoing having fallen into the hands of Collector of Customs Robert following the discharge of the fifteen customs inspectors Wednesday evening. One event in the Juarez drama follows immediately upon Molinar, the chief of the rurales, for appropriating the allowance, it is said. His arrest followed.

Graft Charges.
There are eight or ten members of the rurales troop in Juarez and the feed for horses amounts to about 50 cents per day for each horse, for which the individual rurales were paying. If the charges of graft on the part of the chief are sustained it will be found that he was getting his regular allowance from the government.

Chief Molinar was sent to Juarez by orders of Secretary of the Interior Corral several months ago to organize a troop for the preservation of law along the border. The body is somewhat similar to the Texas rangers on this side of the river.

To Implicate Others.
Since the discharge of the fifteen inspectors Wednesday several letters have been received by the customs officers of Juarez threatening to make an expose of further complicity which will create a sensation. The letters have been received from several of the discharged inspectors and they assert that clerks in the customs house had a full knowledge of what was going on and say that unless they are reinstated they will make charges against the guilty parties themselves.

The customs officials have as yet taken no action on the letters.

SHERIFF SEARCHING
FOR MISSING MAN

Tombstone, Ariz., Sept. 23.—Sheriff Jack White and two deputies left here today for Huachuca Sliding, where they go to investigate the case of the disappearance of Adolph Hoffman, whose body was found in the vicinity today. The body was found upturned and a suitcase lying along side of it, while the seat and back of the buggy was smeared with blood. Hoffman about two weeks ago, was alleged to have stolen the horse and buggy from the Palace stables in Bisbee and was not heard of after he had passed Fairbank, although he was seen to leave there in the direction of the sliding. It was thought that he had gone insane, from his experience with the Grindell expedition several years ago, as he had been weak-minded since that time; but it is now feared that he was killed either by accident or by some party who made away with the horse and buggy. Sheriff White will spend several days in that locality endeavoring to find some trace of Hoffman or his body.

FEDER FOR GOULD SYSTEM TO BE BUILT IN NEW MEXICO.
Farmington, N. M., Sept. 23.—The Pecos & Del Norte railroad is to be built from Farmington to Pueblo, Colo., according to the plans of the men who are back of the project. It is reported that the road is to be a part of the Gould system. It will traverse a large body of timber land and will also penetrate a rich agricultural country that is now lacking in railroad facilities. It will shorten the distance between Farmington and Pueblo about 125 miles, as compared with the shortest existing railway between these two places.
